

MOBI

CONTRACT

MOBI FURNITURE

Founded in 1983 in Bursa, Turkey, Mobi is a manufacturer of high-end contemporary furniture. The company's founder, A.Rasit Karaaslan, is an award-winning designer and also the creator of its entire collection. Unique designs and exceptional craftsmanship have made Mobi a world-renowned company. Being one of the first exporters of design furniture made in Turkey in the late 1980s, Mobi is also one of the few Turkish companies to have won an international award in furniture product design *. Today, its products are sold in prestigious locations all over the world.

In Mobi's factory, digital technology and artisanal woodworking are brought together to materialize the extraordinary. The use of advanced technology facilitates innovation and precision, while handcrafting brings in the crucial element of the personal touch, turning each product into an artwork. The result is furniture with sophisticated design, captivating beauty and seamless finishes. Mobi's team of highly skilled artisans, designers and technicians are together pushing the boundaries of woodworking and creating products that set the parameters in today's furniture design.

Mobi has won the iF Product Design Award 2009 with Sini Coffee Table, designed by A. Rasit Karaaslan.

The designer's Brooklyn Sideboard has won the Honoree award in USA based Interior Design magazine's BOY (Best of Year) awards of 2014.

MOBI CONTRACT

Aside from manufacturing contemporary design furniture for retail, Mobi offers its high-quality services also in the contract sector. From the initial design conceptualization to the final installation, Mobi is able to deliver its contract clients a fully integrated experience, anywhere in the world. Completed projects include several 5-star hotels, high end retail stores, luxury residences and corporate offices.
